

# Malfunctioning Traffic Control Device Checklist

## Do's:

- Call the police to investigate, document the malfunction and determine the cause.
- Report the malfunction to the city.
- Tell the police officer what you did to follow the Rules of the Road.
- Tell the police officer how the other driver failed to follow the Rules of the Road.
- Talk to a car accident lawyer.

## Don't:

- Blame the malfunctioning traffic signal for the accident.
- Give a statement to any other party's adjuster.
